Teaching Inference Inference is a complex skill and is included in many other types of reading strategies. Good readers need to be able to coordinate many strategies at once. It is important to remember that this strategy should not be taught in isolation. National Reading Panel report (2000), states that learning

Comprehension strategies are sets of steps that good readers use to make sense of text. Comprehension strategy instruction helps students become purposeful, active readers who are in control of their own reading comprehension. The seven strategies here appear to have a firm scientific basis for improving text comprehension.
