Educational Psychology Interactive: Readings in

History Origins. As a field, instructional design is historically and traditionally rooted in cognitive and behavioral psychology, though recently constructivism has influenced thinking in the field. This can be attributed to the way it emerged during a period when the behaviorist paradigm was dominating American psychology.

Abstract Reciprocal communication between couples is central to sustaining strong intimate relationships. Given that Asperger's Syndrome (AS) affects communication and social reciprocity, adults with this disorder are vulnerable to experiencing difficulties in relating to their "neurotypical" (NT) partner. As reported in a previous paper, prompt dependency was found to be a compensatory ...
